Profile

- Web Developer with hands-on experience in building full-stack web applications using React.js, Node.js, MongoDB, and REST APIs.
- Strong foundation in Core Java, SQL, and modern web technologies for developing scalable and responsive applications.
- Experienced in frontend development using HTML, CSS, JavaScript, and React.js, with backend API integration and database management.
- Strong problem-solving ability, quick learner, and effective team player with a focus on clean and maintainable code.

Technical Skills

- **Programming Languages:** Java (OOP, Collections, Multithreading), JavaScript
- **Frontend Technologies:** HTML5, CSS3, JavaScript, React.js
- **Backend Technologies:** Node.js, JSP, Servlets, Hibernate
- **Databases:** MySQL, MongoDB, SQL
- **Tools & Concepts:** REST APIs, JDBC, Git & GitHub, Postman, JSON

Education

K.C. College of Engineering, Thane <i>Bachelor of Engineering in Information Technology</i>	Aug 2021 – Jun 2025 CGPA: 7.75
Kamladevi College of Arts Commerce and Science, Kalyan <i>XII (HSC) Science</i>	May 2019 – May 2021 81.33%
R.G.S School, Ulhasnagar SSC	May 2009 – May 2019 66.60%

Projects

AI Powered Legal Advisor <i>React Js, MongoDB, AI, BotPress, node Js</i>	Dec 2024
• Developed a full-stack web application providing legal guidance through an AI-powered chatbot. • Implemented NLP-based query handling and AI integration to understand user input and generate accurate responses. • Built features for automated legal document generation such as contracts and agreements.	
Travel Mania E-Commerce Website <i>React Js, MongoDB, node Js</i>	March 2024
• Developed backend APIs and routing using Node.js and Express.js. • Tested and validated REST APIs using Postman for reliable data flow. • Managed product and booking data using MongoDB and ensured smooth frontend-backend integration.	
Watch Now - Movie Recommendation System <i>Python, ML, StreamLit</i>	Dec 2023
• Built a machine learning-based recommendation system delivering personalized movie suggestions. • Implemented recommendation algorithms achieving approximately 85% accuracy. • Deployed the application using Streamlit for an interactive user experience.	

Internships

R&D Intern – Robokart (Under Gujarat Government)

- Assisted in troubleshooting and debugging IoT-based devices and embedded systems.
- Provided technical support and guidance to students learning C programming and embedded systems.
- Gained hands-on experience in hardware–software integration and real-world problem solving.

Certifications

- Responsive Web Design – FreeCodeCamp
- Software Engineering Job Simulation – Forage
- The Complete 2024 Web Development Bootcamp – Udemy

Achievements

- Successfully collaborated on multiple group projects, demonstrating strong teamwork and communication skills.
